A. INTRODUCTION

Throughout this Amendment these entities are referred to as follows:

Alaska Native Tribal Health Consortium	=	ANTHC
Cooperative Project Agreement	=	CPA
Denali Commission	=	Commission

On July 12, 2006, ANTHC and the Native Village of Goodnews Bay executed a CPA authorized by the Denali Commission to complete the design and the construction planning for a new health clinic in Goodnews Bay, Alaska. No construction was performed under this project phase.

The project was funded with \$98,880, via Denali Commission Financial Assistance Award Project No. 185-05, Addendum C, dated November 2005.

B. REVISION OF PROJECT BUDGET

This Amendment adds \$59,870 of Commission funding, via Denali Commission Financial Assistance Award Project No. 185-05, Addendum D, January 2007.

Project funding therefore totals \$158,750.

A revised cost estimate table is provided below.

MEMORANDUM

DATE: February 2007

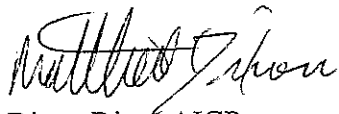

FROM: Environmental Coordinator

SUBJECT: Village of Goodnews Bay– Environmental Review
Project No. AN 05-GE4, Amendment No. 1

TO: FOR THE RECORD

Federal funding for this project requires an environmental review in accordance with the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA). The Alaska Native Tribal Health Consortium (ANTHC) has considered all potential environmental concerns (specific and cumulative effects) associated with the design of the project in consultation with applicable federal, state, and local authorities. An environmental review for the design was completed in May 2006 with respect to the proposed health facilities design at Goodnews Bay, Alaska. This Amendment supplements funding for the design and does not change the scope outlined in the original document. No additional environmental review is necessary at this time.

ANTHC will revisit this environmental review to determine if potential environmental concerns have been addressed if the scope of work changes.
